

Locked and Unloaded

Firearm suicides among youth ages 17 and under found that 82% used a firearm belonging to a family member

90% of those who attempt suicide and survive do **NOT** go on to die by suicide later.
Means Matter!

Help reduce the access to lethal means for a person who is at high risk of suicide. Make sure that your firearms are protected by safely storing them in a gun safe or by having gun locks on them at all times. Unload ammunition and safely store the ammunition away from the gun.
